First Announcement

To celebrate the 15th Anniversary of The Jockey Club School of Public Health and Primary Care of The Chinese University of Hong Kong, our School is going to organize an international conference on “Innovations in Public Health Sciences” during 23-26 September 2016 at School of Public Health Building, Prince of Wales Hospital, Shatin, Hong Kong.

Facing the ever-changing challenges and rapidly evolving scientific landscape in public health, global scientists and policy-makers continue to search for creative ways and systematic approaches to safeguard the health and well-being of the public and to prepare for the challenges. The Conference provides an excellent platform for scholars, researchers, clinicians, educators, managers and policy makers in public health and primary care disciplines to share their innovative ideas and valuable experiences in implementations of their pioneering approaches. Contemporary issues in public health sciences will be discussed during the Conference, which include:

- System Sciences for Health
- Disaster Preparedness for Global Health
- Emerging Environment Health
- People- and Patient-Centred Health System
- Health Screening
- Multi-morbidity and Complex Intervention
- Frontier Technologies with Impact in Public Health
- Health Informatics and Big Data
- Behavioural Science and Risk Behaviour
- Well-being in 21st Century

For more information about the Conference, please visit http://15th-anniversary.sphpc.cuhk.edu.hk/ and feel free to contact the Conference Secretariat at (852) 2252 8429 or jcsphpc15confi@cuhk.edu.hk for enquiries.

We look forward to your active participation and celebrating this important milestone together with our School.
